Porcelain & Acrylic Bowls

The Porcelain Enamel Story

It was 1934 when Belvedere founder Walter Kiefer and his team gathered around a drawing board to create a new concept in shampoo bowls – a bowl with a “dip” on one end to accommodate the client’s neck for greater comfort. Fast forward to today and Belvedere USA is still providing innovation and distinctive style with the highest-quality porcelain bowls in the salon and spa industry.

As the industry’s only manufacturer of quality porcelain enamel bowls, Belvedere handcrafts each bowl to create a durable, beautiful finish. Porcelain enamel bowls are cast to Belvedere’s rigid design and quality specifications and then triple fired to assure durability and consistent performance. Belvedere’s porcelain enamel bowls are available in more than 30 fashion colors to match any salon décor.

Our Acrylic Bowls

Made from .40" ABS/acrylic sheets, Belvedere's acrylic bowls are made to work hard. Lightweight but durable, these bowls hold up to the most rigorous use. A layer of clear acrylic over the color gives these bowls superior scratch and stain resistance, providing easy maintenance and good looks at an affordable price.
